Play a game that involves answering questions, singing, acting, drawing, and sculpting – a Cranium®/Trivial Pursuit type of game. Learn story details. [Note: 4th – 6th graders visited this workshop.]

Preparing Game Card Directions:

- Four sets of colored cards with the letters J-O-S-E-P-H (one letter on each card, each letter is a different color, 6 colors needed) – Assumes a class size of approx. 12 kids
- Print and cut the attached question card sets, one set of colored cards with questions/activities for each game category. The colors correspond with those of the letters J-O-S-E-P-H. For example, the J card's might be printed on yellow cardstock. The question cards to “earn” a J would also be printed on yellow cardstock. (Some blank cards provided, to use if desired.)

Game Play Rules:

- Divide the group up into 2 – 4 teams (ideally there will be 2-3 kids on each team). Have them move to their own space in the room.
- Explain that each team is trying to collect letter cards to spell JOSPEH. Display one of each card.
- Determine the order that the teams will go based on guessing numbers, drawing straws, birthdays closet to today's date (however you would like to do this). Be sure that there is a distinct order.
- Before starting the game, be sure to cover up the Key Bible Verse.
- Beginning with team #1, allow the team to choose which letter they would like to earn on their turn.
- There are 6 different types of activities. When a team completes an activity, the workshop leader hands the team the letter earned. The team should place the letter in front of their group and begin to spell “JOSEPH”. The first team to spell “Joseph” wins, though if there is time, continue playing until all teams have spelled “Joseph” Leave 5 minutes for the closing.
- The six different activities are:
 - J = Just the Facts
 - O = Open Ended Life Application Questions
 - S = Sculpting
 - E = Energy filled Drawing
 - P = Play the Part
 - H = Have-to-do-it
- The S and E and P activities are to be done by one team member while the other team member(s) try to guess what is being depicted. So show these cards (or read them quietly) to one designated member of the team.
- Cards that are marked with the words “ALL PLAY” indicate that all of the teams have a chance to earn that particular letter by completing the activity with their own team at the same time.

Other game hints:

- When someone draws an “O” type question: explain that there are no right or wrong answers. The workshop leader will determine whether their answer earns a letter.
- Use every opportunity during game play to allow discussion that may occur from a particular question/answer.
- You may wish to set a time limit on how long students have to answer the questions by using the sand timer.
