### Job Says Cards (Back)

I have seven sons	I have three daughters	I have 7000 sheep
I have 3000 camels	I have 500 yoke of oxen	I have 500 donkeys
I have many servants	I have a loving wife	I am the greatest man in the East
My sons hold feasts on their birthdays	I live a blameless and upright life	I fear evil
The Sabeans attacked and took away my oxen	A Chaldean raiding party took all my servants	The Sabeans attacked and took away my donkeys
The fire of God burned all my sheep	A Chaldean raiding party made off with all of my camels	A huge wind caused the tent to collapse on my family
My body is covered with painful sores	I refuse to curse God	I did not turn away from God in my troubles
My friends visited me to comfort me	My friends told me I must be doing something wrong	My friends did not believe that I was blameless
My wife told me to curse God	I am sitting in ashes while I mourn my losses.	I complained to God after all of my disasters.
